ART UNIT PAPER NUMBER

3651

DATE MAILED: 03/10/2006

Please find below and/or attached an Office communication concerning this application or proceeding.

DETAILED ACTION

1. The reply filed on 11/28/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the drawing requirement has not been met in full. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

2. The examiner takes the amendment to the claim(s), shifting from a drive to a conveyor, as being integral with the attempt by the applicant to meet the drawing requirement. The originally claimed subject matter of the drive necessitated a more detailed, preferably a perspective view, drawing of the drive itself, more along the lines of Figure(s) 4, & not of the conveyor.

Additionally, this raises issues of original presentation.

3. The examiner invites the applicant to telephone upon review of this Office Action.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph A. Dillon, Jr. whose telephone number is (571)272-6913. The examiner can normally be reached on 8-5:30, every other Friday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gene Crawford can be reached on (571)272-6911. The fax phone numbers
